## **Nine Dragon Wall**

This dazzling Chinatown wall is made of 3,000 colorful Chinese glazed tiles.

**5      6      7      8      9      10      11**

It depicts nine large dragons and more than 500 smaller dragons.

The 25-foot-long design is a replica of a wall Beijing's Beihai Park. Chicago's Nine Dragon Wall is one of only three located outside of China. Can you count all 500 small dragons?
