Damen Silos

Demolition of the Damen Silos began in July 2025. The massive grain elevators were built in 1906 and closed in 1977.

Located along the Chicago Sanitary and Ship Canal, the silos are a reminder of Chicago’s agricultural legacy. In recent years, the Damen Silos have been a favorite of films and urban explorers.

2860 S. Damen Ave.
Chicago, IL 60608
